

## Linden Area Construction Update

*"Rebuilding Sheridan"*

*Dave Kinskey, Mayor*

Memo from Mayor Kinskey and Ward 2 Council members Marc Ketcham and Tom O'Leary:

Communication is vital on a project like this – especially because it affects your neighborhood. We have asked the engineers on the project to keep open lines of communication with you:

- Weekly construction coordination meetings will be held in the parking lot of the Child Development Center every Monday at 1 PM, beginning May 7<sup>th</sup>.
- If you would like to receive these updates via e-mail, please contact Dave Engels of EnTech at [dte@entechusa.net](mailto:dte@entechusa.net) or 307-673-1542 Ext. 6.
- If you have questions, contact Dave or Hanns Mercer, EnTech's resident engineer for the project, at 751-9106.
- If at any point you have concerns that are not being addressed in the process, please contact Mayor Kinskey at City Hall @ 674-6483, Council member Marc Ketcham @ 751-4166, or Council member Tom O'Leary @ 672-2866.

May 25, 2007 Update from EnTech, Linden Project Engineers....

- Temporary water service is being provided to residents along Griffith in anticipation of new water main installation. The main installation has been delayed by the slow delivery of valves required for the work.
- Sanitary sewer main installation has begun along Griffith Avenue.
- Trees removal continues in the project area. New trees will be planted in the spring of 2008.

Please be cautious as construction activity increases and traffic control varies as the project progresses. This includes keeping children away from construction activity or open trenches at all times.
