In preparation for the reconstruction of Sumner Street, the City of Sheridan and TSP are hosting an open house to give the City, TSP, and the Sumner area residents the opportunity to discuss the project and address any questions or concerns.**

**Among other items, we will be discussing utility service replacements, resident preferences with regards to sod vs. landscape rock boulevards, and tree removal and replacements.**

**So please join us. We look forward to meeting with you and discussing your individual property!**
